Dear Mr. Pelletier:

*On behalf of the Student body, faculty members and administrative personnel, I would like to thank you for providing us with the 2007 edition of your book "Mariner's Employment Guide" which we received along with some related articles.*

*I am quite confident in the great benefit your book would mean to our cadets and teachers in regards to a seafarer career and trustworthy class material, respectively; let alone the up grade for our library's book collection.*

*Please receive the warmest regards from the UMIP (International Maritime University of Panama) Corp of Cadets, faculty members and administrative personnel.*

Yours truly,

  
Captain Orlando Allard  
Rector
